Dear Prof Watson

I am just home from a trip, and find your kind favors of July 21-25 + Aug 6th, and I am extremely obliged to you for the trouble you take on my account, and I thank you too for your valued invitation to call on you at the Garden as I have opportunity, and shall certainly avail myself of it, though my time is generally quite limited on week days - about the only leisure I have is Sunday

Very Truly Yours
